

PHYSICAL SAFETY

During the assessment, verify that the following requirements are in place and complied with:

- ✓ Playing fields, training grounds and sports facilities are safe and well maintained;
- ✓ Goalposts are securely anchored and comply with safety requirements;
- ✓ Playing surfaces are free from hazardous defects, holes, debris or other risks that could cause injuries;
- ✓ Changing rooms, showers, sanitary facilities and common areas are safe, clean and hygienic;
- ✓ All facilities have adequate lighting, ventilation and meet health and safety standards;
- ✓ The Academy premises have safe entrances, exits and emergency evacuation routes;
- ✓ Evacuation plans are displayed in accessible locations and known to staff;
- ✓ Fire extinguishers and other fire safety equipment are operational and regularly serviced;
- ✓ A fully equipped first aid kit is available during training sessions, matches and events;
- ✓ Medical support or first aid arrangements are available during training sessions and competitions;
- ✓ Sports equipment is regularly inspected for safety and proper condition;
- ✓ Equipment is appropriate for the age, level of development and physical abilities of children;
- ✓ Access of unauthorized persons to training areas is controlled;
- ✓ Hazardous areas (technical rooms, storage areas, electrical rooms, etc.) are restricted from children's access;
- ✓ Appropriate measures are taken to protect participants during adverse weather conditions (heat, cold, thunderstorms, strong winds, etc.);
- ✓ Safe transport, accommodation and catering arrangements are ensured during away events;
- ✓ All accidents, injuries and near misses are documented and reviewed to prevent recurrence.
